

Pottery Road Park

Survey Summary Summer 2022

FRIENDS OF
EAST HILL PARKS

The *Friends of East Hill Parks* is a group of Greater Vernon residents dedicated to the establishment of a new regional destination park in the East Hill subdivision in Vernon, BC Canada.

In summer 2022, the group conducted a survey of East Hill residents to understand their views on creating a park in the field at the corner of Pottery Road and 15th Avenue.

There were an amazing 1,011 completed surveys. 78% (787) of respondents live in East Hill, the remainder live in greater Vernon.

95% of all respondents are in favour of creating the park!

Below is a summary of the survey results.

We'd like to thank everyone that participated in the survey. We will use this valuable community-based information to further the case for the park with Vernon city planners.

What recreational activities would you like to see that are missing in East Hill?

**note: these are all the responses for this open ended question*

18 Hole Disc Golf Course

a area for teens to play sports. We have elementary school playgrounds near by but a spot for teens and older kids to play

A back to nature environment for the education of young children and a place where families can go to enjoy the outdoors without over stimulation of things that amuse and distract from the natural world that needs all our awareness right now. A place where volunteers can share their knowledge and interest in nature and living planet.

A basketball spot - very few outside of school grounds

A better nature park with a playground

A childrens playground with a fenced off off leash dog area.

A comfortable place to walk and sit outside that allows dogs

A community garden

A community orchard

A disc golf park

A dog park with a playground (like mission hill).

A dog park. Tennis courts.

A jogging trail/vita parcoures. Community garden. Possibly a small stage for small-scale music evenings.

A large dog friendly park for teens and adults

a multi use park fenced for dogs with walking trails and fenced play area for kids. Like Mission Hill dog park but with paved walking trail.

A nice kids water park and big enough playground

A nice walking path around and or through a level park

A park for families that has a section for dogs as well so kids can play at the same time as the dogs (no one unattended of course)

A park for older kids that challenges their motor skills

A park more like Mission Hill

a PARK PLEASEEEE

A park with a loop paved path.

A park with a nice long walking path

a place for dogs to be off leash. Lakeview Park doesn't allow dogs and Mutrie Park is quite a distance away so you can't walk to it easily.

A pool for kids

A pool now that the peanut pool is being dug up.

a quiet outdoor environment for contemplation of the outdoors.

A quiet shaded area to sit and play card games or visit friends .No dogs please. Bird watching area. Plain walking paths all around.

a running track/path

a sheltered picnic area that is also handicap assessable

A skate park, playground field, and an outdoor pool

A space for kids to play and parents can relax.

A sweet playground

A walkable track or path

A walking track (leashed dogs allowed) that trails along the perimeters and both sides of the river, a community garden and an arboretum.

A walking trail, spray pool

Accessibility

Accessible playground

Accessible playground (aka recycled rubber flooring). Adequate seating next to playground. Short trail features would be nice

accessible playgrounds (with washroom availability), anything with water (wading pool, splash pad, etc.), a community garden

Activities for older children and adults, like a skate park and tennis, walking paths

Adaptive playground
 Adult climbing park
 Adult playground area for outdoor movement/workouts. Not necessarily structured for a particular sport. Opportunities for art display and interaction
 Adult pool for folks that don't have kids
 Adventure park with natural obstacles for both kids and adults
 Adventure playgrounds, trails
 Age appropriate playground equipment for children under 5. Walking trails and shaded areas for picnics and relaxation.
 All the above
 an area to provide family activities - picnic area, and recreation activities
 An outdoor pool with lane swimming for adults. A running track. More natural spaces and off leash dog area's
 Another dog park
 another dog park
 Another outdoor pool
 Another playground and walkway and accessibility
 Anything for children!
 Anything. But mostly a park.
 Archery
 area where young children can safely ride a bike
 Areas to walk. Places for kids to run and explore. It does not have to be a complex play area.
 As a senior I'm happy with what is available but for younger families a playground and soccer/baseball diamond may be of use although there are plenty around the Vernon area.
 Baseball, walking trails, event gazebo
 Basketball
 Basketball
 Basketball
 Basketball and Curling
 Basketball courts, Beach volleyball
 basketball or volleyball court with outdoor washrooms
 Basketball, skate park
 Basketball, tennis, playground, green area with picnic tables for families
 Beach Volleyball, Tennis, Pickleball, Basketball, Running Track

Dog walking trails

Don't know

easy walking trails for seniors that are not slippery and relatively flat for those of us with bad knees and or hips or even walkers.

easy-access sheltered picnic area, scenic walking path especially through the gulley, grassy shaded picnic area with playground, an ice cream and coffee shop plus food truck parking, skateboard or bike park (3 season) or ice skating pond (winter) and playgrounds are always a good thing!

Easy-access, inclusive playground for those with mobility issues

Eats Hill has sufficient rec areas

Environmental education. Urban stream preservation and improvement.

Everything is available now.

Everything that is missing

Family outings

farming and hay production to feed my horses

Fields, disc golf and dog park area,

Fitness

Fitness playground, running track

flat playing areas, picnic tables, sand boxes, play ground facilities. fitness tracks

Flat surface for roller hockey. But I feel we are well served, too, especially with the new Lakeview project underway.

Flower garden

Footpaths and sidewalks for walkers

Frisbee golf

Fun things to do for older children

Gardens

Gardens

Good lengthy walking paths with table and benches along the way for rest stops

Grassy areas to run around in for casual games and place to gather for picnics etc

Green space

Green space

Green space for everyone to use

Green space in a natural habitat perhaps introducing indigenous plants to restore missing open fields as well as shrubs and trees

Green space that is quiet and has natural indigenous plantings, shade, walking path, picnic area -- is there a wetland in this park that can be preserved?

Green space to walk in nature

Handicapped friendly access with a short trail.

Hiking and walking trails along nice greens, bushes, trees and may a flower garden

hiking park

Hiking paths

Hiking trail

Hiking trails, bike trails, outdoor full sized swimming pool.

horseshoe pits

I don't think we are missing anything , it's just good to have green space .

I have no opinion on this

I would like to see a park that seniors can enjoy as well as children. Picnic tables and shaded areas

I would like to see a very large shelter with power that could be booked (rental) for family and group gatherings and activities. Similar to the shelters at Kin Beach, Lavington, and Armstrong.

I would like to see an Environmental Learning Park, natural playground, native-species gardens, no lawns - that kind of thing. Something environmentally responsible.

I would like to see people leaving nature where it is. There is a beautiful field of wild flowers and plants that habitats so many different species. I would love to see it preserves as in no humans should be there regularly as they will leave it worse than when they arrived. I would like to see people leaving nature untouched.

I would like to see the addition of a Disc golf course in the east hill area , as the sport is growing rapidly and in need of more places to play
 I would love to see the development of Pottery Park as it's a perfect location and would be a great spot to visit.
 I would support your survey for the greater good of east hill. Outdoor parks are great for everyone. Whatever your expertise results so as a benefit
 I'd love to see more small-scale community events held in our parks.
 Ice Skating rink, walking/running oval., bocce.
 Ice skating rink. Bike park.
 If anything I would say a water park.
 Increased natural space for walks!
 It would be a dream but the play ground that Marshall Fields has would be the ultimate!
 It would be nice to have picnic area - perhaps shelter that could be rented for family event or bbq.
 items mentioned above
 Jogging track, treed walking path with benches, tennis court
 Just a green space with benches, fountain(s)/sculpture(s), these are missing in our parks.
 just more accessible green space
 Just more park options.
 JUST NEED MORE OPEN AREAS FOR WALKING, SITTING AND ENJOYING A PEACEFUL SETTING
 Just nice to have another park
 Kids play area picnic tables
 kids play spaces
 Kids/teens bike skills park/dirt jumps .love the frisbee golf idea too!
 Lacrosse box/ball hockey.play area .walking payhs
 Large Play park for children of all ages. Walking areas for children and adults including seniors.
 Larger on-leash park

 More green space!!
 More green spaces

More kids activities
 More kids park area, more treed areas
 More multi use paths or bike paths
 More natural green spaces that give people room to be in nature. Sports facilities seem to be well supplies with the schools, but not nature based parks.
 More natural green spaces with native species for pollinators, birds and wildlife.
 More of everything!
 More of the above.
 More options to keep little kids engaged with nature. A natural park that is inclusive to all kids would be amazing! Perhaps a second spray park as well?
 More outdoor activities!! Ideally a disc golf course as people would still be able to get out and walk. It could be utilized very similar to Lakers
 More outdoor fitness but also quiet place to enjoy nature
 More park areas to walk
 more park for small children.
 More park space
 More parks and more picnic areas at the parks in vernon
 More parks more green space
 More parks, green space
 More parks, with ample parking & trees played beside all benches
 More parks. Never enough green space, especially as Vernon is being developed and growing
 more places to walk, more places to picnic, more enjoyable natural settings
 More play space for kids
 more playground area for children, walking trails for others,
 More playgrounds
 More playgrounds
 More playgrounds and areas for soccer
 More playgrounds and water splash parks
 more playgrounds, baseball diamonds, walking paths, bocce courts, ponds, natural growth not all manicured spaces (but worry about homeless camps), outdoor pools (they all seem to be converted into spray parks), tennis courts (my daughter says its impossible to find an open one)
 More playgrounds, dog park, tennis court
 more playgrounds, more walking trails
 More playgrounds, water park
 More public gree spaces otherthan school grounds

Tennis/pickle ball courts

tennis/pickleball, walking trails, picnic areas and more playgrounds

The activity of mental stillness in this hectic world would be priceless; for local citizens and students

There need to be more parks. I remember a Vernon city counsellor telling me years ago that often the city would let a developer build on a designated park lot and the city would put that money toward a bigger park somewhere else. That didn't make sense to me because we need parks we can walk and cycle to in our neighbourhoods rather than drive to halfway across town. As a community member, I would like to see more walking trails that are not in the midst of traffic. The Pottery Park, being large, is a perfect space for a trail that would allow a nice walk "in nature" close to home. I also think more places for children to play are crucial!

Tot Parks, or Pocket Parks with shade trees. A Japanese or Italian garden.

 waterpark, tennis, basketball
 We always have to go to school grounds for our kids to play. The peanut pool park is too small and is always full.
 We have enough
 We have lots of activites available nearby: playground and sports field at the peanut pool, with tables for gathering, also Hillview School has a playground for kids. VSS has sports fields for soccer and baseball, basketball court and I see lots of people exercising their dogs their after school hours.
 We just need more access to nature. Our schools need outdoors spaces for learning and exploring in so that we can teach the new curriculum and connect our students to their community.
 We need a natural area park with lots of trees for shade.
 We need areas for families to be. Wide open areas with ball diamonds and no shade serve only a few for a short time in the year
 We would love to see a tennis facility
 We're seniors so we just like to walk and enjoy the quiet areas like parks
 Well maintained and safe walking paths out of the way of traffic and bicycles, eScooters, etc
 Why not build a indoor section that can be used in the winter like a mini golf and trampoline rooms, like Vernon wake up

look at kelowna and all they have for the kids.

Wilderness walking trails/paths

Workout trails, walking trails

Would be nice to have another playground in the area

Would like tennis courts, pickle ball

Would love to have a natural area for bird viewing, relaxing walking trails around it, a lovely bench.

Young childrens playground under 5 With a separate playground for older kids. It's an issue with our young child trying to play on the small slide and the older kids are running around playing tag. No fault just needs space between the two areas.
